Circles of Kiowa County

We believe no one should live in poverty. Families and communities can take charge of their destinies and if given the right tools and support, economic stability can be achieved. Through an approach that combines our techniques with the individualized support of dedicated volunteers and the resources of organizations and communities, we create an environment that educates, empowers, and equips our members to move up and out of poverty successfully.

Since starting in 2015, our graduates have paid off well over \$65,000 in debt and have seen an increase in income as a group of over \$10,000 a month.

Join us in building a more connected and stronger community! Monday nights at the Greensburg United Methodist Church . Meal starts at 5:30, childcare available.
