

Greensburg Property Taxes

What is a mill levy?

The mill levy represents the tax burden for each \$1000 of assessed value. Budget estimates for 2018 indicate that Greensburg residents will pay \$198.86 for each \$1,000 of assessed value.

What is the difference between my homes appraised value and assessed value?

Appraised value is the market value of your home; the assessed value is the portion of your appraised value that you pay property taxes on. In the State of Kansas, assessed value of residential properties is 11.5% of the appraised value.

Assessed Value = Appraised Value x (0.115)

How can I estimate my tax rate?

$(\text{Assessed Value} / 1000) \times (\text{Mill Levy}) = \text{Annual Property Tax}$
in property taxes. The 2017 adjustment in the mill levy equals an increase of \$12.71 per month.

Community Organization Spotlight

Kiowa County Historical Museum

From Heather Coyne, KCHM Director:

Our goal at the Kiowa County Historical Museum and Soda Fountain is to educate the community, while preserving and displaying Kiowa County history and artifacts. We take pleasure in adding new exhibits to the floor monthly and also in adding resources to aid in the public's research of the county's history and its people. Don't forget to stop in and enjoy a tasty ice cream treat or an old fashioned soda from our soda fountain, salvaged from Hunter Drug. We offer daily specials, and a Flavor of the Month you'll be sorry you missed. Consider hosting your next Sock-Hop themed birthday party, holiday party or graduation party at the Kiowa County Historical Museum and Soda Fountain. If you're interested in volunteer opportunities, let me know. See you soon!
