

Haviland
Telephone Company

Fiber internet to the home is coming to Greensburg!

Starting March 1 -

go to connect.havilandtelco.com for information on Haviland Telephone's fiber investment in our city & to pre-register for service.

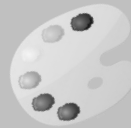

At the Feb. 19th city council meeting, a clarification to the city code was approved regarding recreational burning (fire pits, etc.) in the city limits.

“Outdoor recreational fires, burning materials other than rubbish or brush, are permitted where the fuel being burned is contained in a fire pit, chiminea, outdoor fireplace, portable outdoor fireplace, barbecue grill or barbecue pit with a cover to contain sparks and embers. Burning of any kind in the city limits is under the discretion of the fire chief. Burning is not permitted when a burn ban is in effect.”

Another Sustainable Option---Go Paperless!

The City now has the ability to offer E-Statements. Those who would prefer to receive their utility statements via email, rather than receive a paper statement, should notify City Hall and provide an email address. It's that simple. This option will not change your current method of payment.
